1. Training

The training is based on the CrossFit methodology. It is done in groups, in the presence of a trainer. The use of the premises and/or equipment (dumbbells, kettlebells, medicine balls, etc.) or the facilities for other training methods is only possible with the prior consent of CFM GmbH. Training dates and locations will be announced (via website, booking system, flyers). If it becomes impossible for CFM GmbH to provide services for reasons for which it is not responsible, the participant is not entitled to compensation. Already booked training sessions must be canceled in time before the start of said training. Otherwise, even in the event of a no-show, one unit will be deducted from the participant's quota!

2. Participation

The weekly or monthly contingent selected in the contract refers to the period specified in each case. Training units not used during this period expire and cannot be transferred to a later period. Participation in incomplete periods (e.g. week or month started) are calculated on a pro rata basis

3. Contract Duration

The contract is binding for a period of 6 months (from the 1st of the following month). A termination must be given in writing. The notice period is one month to the end of the contract. If the contract is not terminated in due time, it will be extended by 6 months. You will be automatically be notified 7 days before the end of the notice period via our booking system Eversports. Upon request the contract can be terminated prematurely against payment of 75% of the fees still due. The 10-card contract ends automatically after 3 months. During this period you can take part in 10 training sessions can be attended. Cancellations due to relocation can only be recognized with be recognized with written, official proof. This must be received by CFM GmbH 5 days before the end of the month.

4. Locations

The participant will be assigned to the CrossFit München GmbH location named on page 1. The participant can also train at other locations. Moving or giving up locations other than the location location assigned to the participant have no influence on the contractual relationship with CrossFit München GmbH. The deadlines specified under point 3 (contract duration) apply to the change of location.

5. Suspension of the contract

The participant has the right - with a notice period of at least 4 weeks - to suspend the contract once per calendar year for a period of one or two full months. During this period, the participant is not obliged to pay the participation fee. The participant then owes a one-off lump sum of € 25. If the suspension of the contract is utilized, the current contract duration is extended by the length of the suspension period, if a termination takes place during this contract duration. Injury-related suspension of the contract can be begun as soon a medical certificate is submitted, and extends for a maximum of the duration specified on the prescription. There is no fee for this medical suspension. This does not extend the contract duration.

6. Changing the contract

Upgrades (change to a contract with more services) can be made on the 1st or 15th of each month of a month. The contract then begins as with the signing of a new contract, from the beginning. Downgrades (change to a contract with a lower range of services) can only be made the next possible termination date. All changes can only be made at the rates valid at the time of the change.

7. Remuneration

Fees and costs for returned direct debits due to lack of funds in the account shall be borne by the participant.

8. Cancellation of kids classes

CrossFit Munich endeavors to hold all classes on the current schedule. If classes are canceled, there are usually sufficient alternative options either at the same location or at the same time at another location. An exception to this is the Kids Training, where only one weekly lesson takes place for both Kids classes. As the kids' classes are more demanding the pedagogical skills of the coach, only a limited number of coaches are available for these lessons. We therefore reserve the right to cancel classes up to 4 times per calendar year lessons up to four times per calendar year without this giving rise to a claim for compensation. From the fifth cancellation we would refund the monthly fee pro rata for all children registered at the time of cancellation.

CFM GmbH is not responsible for any damage, in particular to the participant's health, due to improper use of the equipment, unless the damage is caused by gross negligence on the part of CFM GmbH.
